Outside Catering options

There is space available for you to arrange outside caterers. Here are a few images of previous events to whet your appetite!

Should you consider an event, what's needed?

If considering using Guernsey Pétanque Club for your event, below are some of the details for you to consider, which includes a shopping list of things you may need. You may wish to add more depending on your budget.

There is a minimum cost of £150 for up to 15 people for 3 hours, an additional charge may apply for additional players dependant on numbers. For more than 3 hours, we can discuss the amount of the donation. A further charge may be made depending on your catering arrangements. All outside catering is to be arranged by the company organisers directly. The club cost will include use of all outdoor and indoor terrains, heated seating area, tea and coffee facilities, parking for 30 cars, toilet facilities, fridges, kitchen area, use of boule and coaching from Guernsey Island players.

There are no on-site cooking facilities other than a microwave oven. If you are serving food and drinks, these will have to be served by your own staff or those from a catering firm. Our volunteers are only available to assist with playing Pétanque.

We kindly ask you leave the Club as you find it.

Things you may need to bring on the night:

- Plastic glasses – pint and wine
- Bottle openers/cork screws
- Company banners.
- Prizes
- Black bin sacks
- Truggs with ice for drinks
- Bottle opener
- Ice is available from The Wine Warehouse.
- Cutlery is available at the club and some plates/serving dishes but check on quantity required.
- Salt and Pepper – at club

For safety reasons glass is not permitted anywhere on the playing area so please consider cans rather than bottles. As the club does not have a liquor licence, all alcohol must be for personal consumption only and must not be sold to those present. In addition, in the interest of safety, enclosed footwear must be worn at all times.

Rules will be submitted in advance to give players a rough idea of how to play although help is available on the night.

Suggested format and timetable

If you want players to play in specific pairs you should have an even number of people. If you don't have an even number of people, we can just select players on the day and randomly put them in teams and change who they play with and who they play against for each game. This format enables more people to meet and chat to others throughout the evening. Please discuss what your preference is.
